**TOWN OF EAST HAMPTON  
AGENDA REPORT**

AGENDA ITEM: 8A

Town Manager Approval: RGD (cls)

Item to be presented by: Chief Matthew A. Reimondo

DATE: January 25, 2011

SUBJECT: Police Cruiser Replacement

DEPARTMENT: Police department

---

**RECOMMENDED ACTION**

The purchase of two (2) new police cruisers to replace two (2) aging police cruisers

**BACKGROUND**

The Police department replaces two (2) Police cruisers on a yearly schedule. The two cruisers being replaced are ones with high mileage and excessive repair costs. The two to be replaced this year are a 2005 and 2006 respectively. One has approximately \$5000.00 in repairs needed to the engine and transmission (This vehicle has been used for parts to keep other vehicles operable) the second vehicle has excessive engine and transmission issues also due to being flooded out during the 2009 rain storm which caused road flooding throughout town. (Repair costs estimated at \$5000.00) The town will trade in three (3) old Police cruisers to defray the cost of the new vehicles.

**ALTERNATIVE ACTIONS**

By not replacing the vehicles excessive repair costs will be needed to be spent to make both vehicles roadworthy. This is not recommended as older police vehicles that are driven on a 24 hr. basis are unreliable at best placing both the public and officers safety in jeopardy.

**FISCAL IMPACT**

The Capital Budget has funding available for the vehicle replacement
